Zelos Nano Kit User Manual

Innovate the way you vape

EN

SAFETY INFORMATION
For a safe and effective use of this product please read carefully and follow the following instructions in full, and to strictly observe the operating procedures indicated in this manual and refer to the leaflet contained in the packaging of the individual products / accessories. After reading, store it in a safe place for future reference. Failure to follow the instructions could possibly result in personal injury or physical damage. The manufacturer assumes no responsibility for any damage caused by mishandling that is beyond normal usage and/or not following the manual.

This product is intended for adult smokers. This product is not recommended for nonnonsmokers, young people under the legal age, pregnant or breast feeding women and those experiencing general ill health.

Keep the product and its accessories out of reach of children and minors at all times!

COMPONENTS OF THE PRODUCT
This product is a high-tech product and its components such as the battery, the atomizer, the coil, the tank and others have been specifically made for this product. We recommend the exclusive use of components and accessories indicated. Use of components and / or accessories not specifically produced for this device may lead to a malfunction and / or damage to the product and to the cancellation of the warranty.

WARNINGS BEFORE USE
The use of an empty, dry or drained tank/pod can cause immediate damage to the internal resistance and the consequent cancellation of the warranty.

GENERAL WARNINGS AND LIMITATIONS OF USE
Do not bring your vape device into contact with water or other eliquid. Avoid exposing the device to low liquid or too high temperatures. Do not let the E-liquid using the product in overheated or excessively damp environments. Keep the product and its accessories away from heat sources. Use only Aspire original spare parts and accessories. Do not use damaged battery cores/cells before recharging. Carefully read the composition of the e-liquid before use, and do not use the product if you are allergic to any of the components of the and / or cardiovascular system disorders. Do not use the product during pregnancy or breastfeeding.
Do not ingest or swallow any part of the product or its accessories and do not try to open or tamper with the components of the product or its accessories. The device does not need any flame to light it. To avoid burns and fires, do not place the battery in the USB port of a PC / laptop / recharger, and in the case of anomalies, smell of burnt or abnormal deformation of one of the components of the device or its accessories, stop using it immediately and contact your dealer.
Avoid direct contact of the eliquid with the mouth which could happen if you inhale too strong and too frequently or if the tank is too full.
Avoid any unauthorized operations that may damage the product. For an optimal vaping experience, the resistance should be advisable to spend at least 30 seconds between one inhalation and the next. We recommend only to use the certified charger supplied to charge this device and not attempt to recharge the device via any other type of charger. We don't recommend to use the device while charging.
Do not discard this product in the environment, and dispose of the product in accordance with local collection/disposal points.
This product is a high-tech product. We recommend the exclusive use of components and accessories indicated. We do not recommend using this product with other brands of tanks / tanks.

SAFETY NOTE
To avoid leaking, always ensure you either fill or refill a pod your device when it is not in use. Especially when carrying your device in your pocket, bag or purse.

IMPORTANT INFORMATION ABOUT USING NICOTINE CONTAINING E-LIQUIDS

Before using nicotine containing eliquid the user should read the following information carefully:

NICOTINE CONTAINING E-LIQUID:
Do not use if you are allergic to nicotine or any of the other components contained within the eliquid (see manufacturer's label for full details).

WARNINGS AND PRECAUTIONS:
• Nicotine containing eliquid was not recommended for:
• Nonsmokers
• Young people as under the legal age;
• Pregnant or breastfeeding women; as nicotine is known to affect the foetus and to be excreted in breast milk;
• Those experiencing general ill health; such as heart disease, stomach and duodenal ulcers, liver or kidney problems, long term throat disease or difficulty breathing due to bronchitis, emphysema or asthma;
• Those who have an overactive thyroid gland; as nicotine may exacerbate the symptoms of the adrenal gland that can affect high blood pressure;
• Those with diabetes; as nicotine may affect your blood sugar levels.
• Those taking the following medication;
• Theophylline (to treat breathing problems)
• Rizatriptan (to treat headaches)
• Olanzapine (to treat schizophrenia)

POSSIBLE SIDE EFFECTS:
If you inhale too much nicotine or use the product too much you may experience one or more of the following effects:
• Feeling faint;
• Nausea (feeling sick)
• Headache
• Coughing
